Tom Taylor and Dr. Mark Bowen educating children and their parents about creek and riparian zone ecology in Arcade Cr., Sacramento, CA, 7-Apr-2018.

Learn about the land and water of Arcade Creek and the critters that call it home. Go exploring with biologists and see how they use scientific tools. Biologists will guide our exploration of the creek zone and answer questions about riparian habitats and the diversity of wildlife living in them. Bring your curiosity and questions. Meet at the wetland kiosk, Del Paso Regional Park Natural Area. Park in the neighborhood on Brule Court or Norris Avenue and cross Auburn Blvd. at the Norris Avenue pedestrian crosswalk. No parking on Auburn Blvd. Call 916/454-4544 for more information.
